Badge Sizing Chart

1) Print out the "Badge Sizing Chart" on an 8.5"x11" piece of paper at normal or 100% scale. Compare the 1"x1" box on the bottom right with a ruler to make sure the size matches. This will help ensure the measurement is accurate.

2) Place the badge onto the bottom left corner of the grid.

3) Ensure that the badge does NOT exceed, but sits against the boundry lines of the grid.

4) Take a photo of the badge on the grid from an overhead position, and submit the photo via email to info@bostonleather.com for processing.

5) A cutout number will be issued once created or matched.
